MARCH 2025

What the students have been up to.

Mr Kenny showed two of our students a magic trick then set them the task of finding someone in the yard to show. Mr Martin (year 7/8 Assistant Principal) was the lucky person they found.

Staff have been building connections with students through games. Uno is a great way to teach the students about turn taking, resilience, following the rules while also having some fun and banter. Table Tennis is a good brain break activity; the kids love when the staff also get involved.

Finska is a game we have been playing during some of our numeracy lessons. It helps the students to add up numbers on the go while also showing good sportsmanship to others.

Cooking is a great way that we integrate learning in BRIDGE with the students.

Did you know cooking involves literacy, numeracy, health and hygiene?

The students love being able to learn simple recipes that they can confidently cook at home.

What's On.....

- PLHS Open Night is on Wednesday the 26th of March. The BRIDGE building will also be open for parents to come and have a look at the space and ask staff any questions.
- Current BRIDGE students will start to transition back to some of their mainstream lessons Monday week 10.

Dates to Remember
