

# CAREER & INDUSTRY IMMERSION EVENT

3rd, 4th, 5th June 2025 // Port Lincoln

2025 EXPLORE PROGRAM

### **Welcome to the 3rd 'Explore' Career & Industry Immersion!**

We're excited to offer you the opportunity to explore a diverse range of careers, sparking curiosity and inspiring new possibilities for your future. Uni Hub Spencer Gulf is proud to coordinate this event, with the invaluable support of the Department for Education, Regional Development Australia Eyre Peninsula (RDAEP), the Local Jobs Program, and the Eyre and Far North Local Health Network (E&FNLHN).

A heartfelt thank you to the incredible team working behind the scenes: Geraldine Giddings and Kelly Thorpe (Uni Hub SG), Dianne Fitzgerald and Kirsty Fox (Department for Education), Andrea Broadfoot (Local Jobs Program), Richard Horgan (RDAEP), and Ellisa Bayly (E&FNLHN). Your dedication has made this event possible.

We also extend our gratitude to the schools for attending and to the students for their enthusiastic participation. To our industry partners—thank you for embracing this initiative and bringing career pathways to life. Your ongoing support is invaluable, and we look forward to seeing this event continue to grow.

Thank you for being part of this journey with us!

## Resourcing Our World: Essential Elements for our Everyday Lives

45 MINS

**Time:** 9.15am–10am **Date:** Tuesday 3rd June 2025

**Time:** 9.15am–10am **Date:** Wednesday 4th June 2025

**Location:** UniSA Port Lincoln Study Centre, Level 1, 86 Tasman Terrace

What is a smart phone made up of and where do these materials come from? The Periodic Table of Elements makes up the food we eat, the materials we use to build our homes and infrastructure, and the technologies we rely on in the modern world. In this workshop, students will be tasked with identifying common elements from the Periodic Table that make up items we interact with daily. Students will gain an insight into how our modern life, including technology and renewable energy future, is made possible by mining and mineral extraction.

**Industry:** Tertiary Education – STEM

## Allied Health (includes Physiotherapy, Occupational Therapy & Speech Therapy)

2 HR

**Time:** 10.30am–12.30pm **Date:** Tuesday 3rd June 2025

## Hydrogen Racecars: A Roadmap to Decarbonisation

45 MINS

**Time:** 11.45am–12.30pm **Date:** Tuesday 3rd June 2025

**Time:** 11.45am–12.30pm **Date:** Wednesday 4th June 2025

**Location:** UniSA Port Lincoln Study Centre, Level 1, 86 Tasman Terrace

South Australia is leading the nation in renewable energy resources and our race to decarbonisation. The demand for hydrogen, specifically green hydrogen, is expected to grow six-fold by 2050 and is crucial for meeting our global net-zero emissions targets. In this workshop, students will learn about green hydrogen production through the concept of proton exchange membrane (PEM) electrolysis and apply this in a practical setting to a hydrogen-fuelled race car. Tasked with investigating the application of green hydrogen in the transportation industry, students will debate the pros and cons of their findings.
